\$360/PERSON FOR TUESDAY & THURSDAY**

**SIGN UP
HERE**

Handicap Establishment

Handicaps will be established the first 3 weeks of league. Handicaps are calculated by an average of your 6 best league rounds. Your worst score to date will be dropped.

Stroke Play

Based on handicaps, each team has an A,B, and C player. A vs A, B vs B, C vs C and the low net score after 9 holes determines the winner. You will receive 1 point by winning your match, ½ point for a tie, and a bonus point if your team has the low team net score for that match. Therefore, there are 4 possible points each week.

Scramble

Scramble teams consist of 2 golfers playing 9 holes. Team handicaps will be established following the first week of play. Men will tee off from the blue tees (roughly 3000-3400 yards) while Women and Seniors will tee off from the red tees (roughly 2500 yards). Head to Head, 1 point available per hole.

Subs & Preplay

If you can't preplay your round, subs are encouraged to fill the empty spot. Subs will also start with a handicap of 0 if they haven't previously established one at The Leaderboard.

New App & League Software

Download The Leaderboard Indoor Golf App! This is where your team can sign up for leagues. Simply download the app, click on league signup, then click your preferred day and time and fill out the form. This app will be home for all things golf league. Everyone will have access to pairings, schedules, standings, skins, and live scoring.

Drop-in League

New this fall, our drop-in league keeps you competitive with more flexibility. Get your 18 hole round in anytime during the week. If you play 8/12 weeks you automatically qualify for the drop-in championship on Sunday, February 1st.
